

Instructions for Downloading Microsoft Software

Step 1: Go to this website: portal.azure.com

Step 2: Enter your YC email (**without** the 'scholar' part of it), click **Next**:

Step 3: Enter your YC **password** on the next screen and click **sign in**:

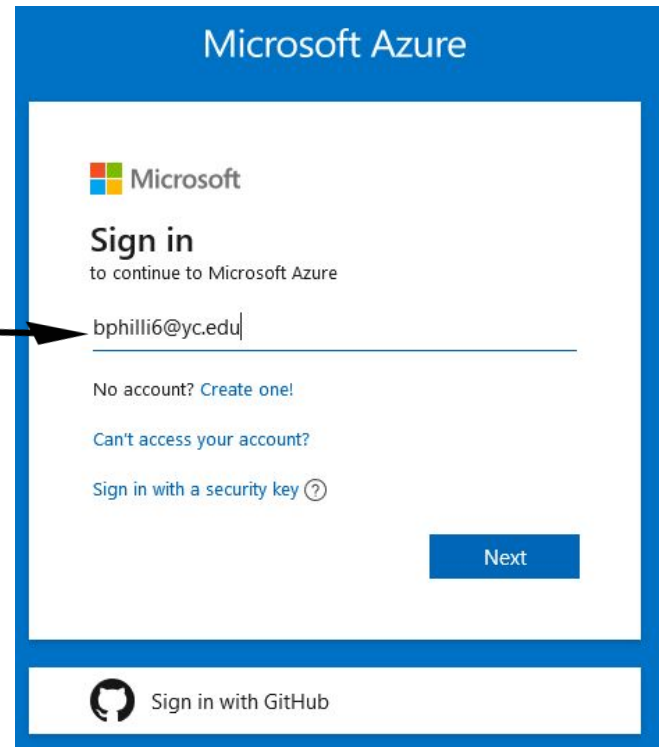

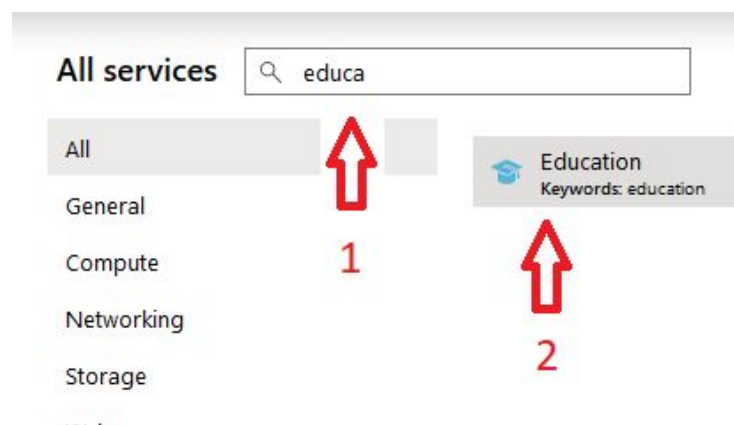

Enter your YC username@yc.edu and password

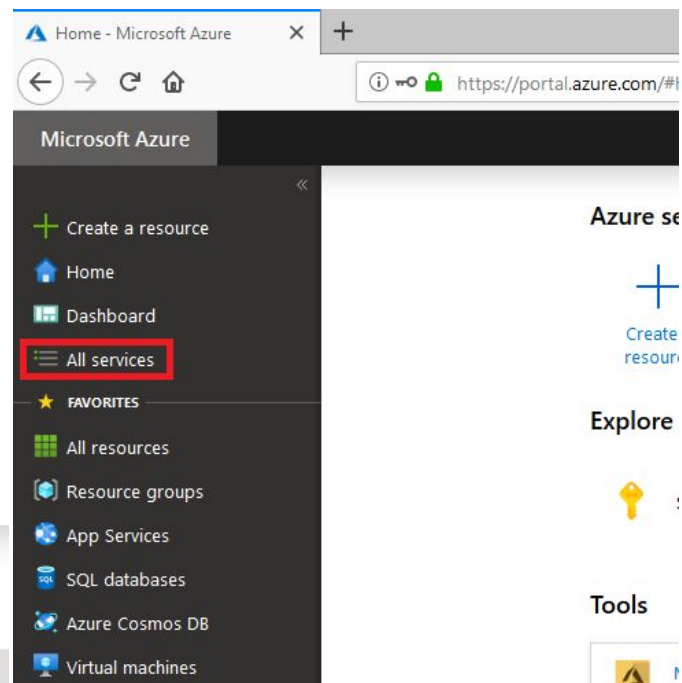

Sign in

Step 5: Search for 'Education':

Note: you won't have to do this every time, the Education page icon will show up at the top of the Home screen after a few uses.

Step 4: Navigate to the **Education** page by going to **All Services**:

Step 6: If you have not yet signed up for Azure for Students, do so now by clicking on the **purple banner** shown here, and the click **Activate now**:

Windows Server 2019 Datacenter (updated Sept 2019)

Windows Server 2019 Standard is ideal for customers with low density or non-virtualized environments. Windows Server 2019 offers additional features in Standard and Datacenter editions. Features exclusive to the Windows Server 2016 Datacenter edition include Shielded Virtual Machines, software-defined networking, Storage Spaces Direct, and Storage Replica. While no features from the Windows Server 2016 R2 Standard edition have been removed, we have added features like Nano Server and unlimited Windows Server containers to the Windows Server 2019 Standard edition.
